At Technique, we believe it's never too early to start activities that benefit children across all of their other sports and pursuits. Because of this, we are excited to announce our Mighty Mites Cheerleading & Tumbling Combo Class!

Whether or not your child will be involved in cheerleading during their school years, Mighty Mites will benefit your child's growth and development through improved strength, flexibility, coordination, teamwork, and focus!

If your child decides that cheering might be something they'd like to participate in down the road, this class gives them a jump start on the skills and technique they will need to succeed!

Your child will receive top notch instruction and proper skill progressions in tumbling, motions, dance, jumps, and stunting. Develop these fun and beneficial skills in a non-competitive environment!
