Tumbling & Cheer Prep

FLIP-FLOP

This weekly clinic is perfect for athletes of any skill level who wish to achieve a flip-flop (back handspring) or simply want to perfect a recently learned flip-flop. Learning the correct technique is critical, as the back handspring is one of the foundational skills in becoming an advanced tumbler and cheerleader. Many cheer programs also require a flip-flop to make the squad. During the hour, our staff will break down the skill into basic parts and movements involved in the back handspring through the use of drills and stations.

TUMBLING

Attention Dancers! Technique is now offering a weekly headspring, floor kip, and aerial cartwheel clinic. These core tumbling for dance skills will be broken down into basic parts and movements during the hour through the use of drills and stations. **Additional skills can be worked on as well based on participant requests.**

LIMBERING

Technique is now offering a weekly clinic for those tumblers wanting extra work on their back bend kickovers, back walkovers, front limbers and front walkovers. These skills are the last major foundational skills to master prior to moving into our Junior Advanced Tumbling Classes. During the hour, our staff will break down these skills into fun and progressive drills and stations designed to increase your child's understanding and ability in both front and back limbering skills. Don't miss this weekly opportunity to break down all of the limbering and walkover skills and supplement their weekly class work!

BACK TUCK

Now for both
standing & running
tumbling back tucks!

The staff at Technique is excited to offer a special weekly clinic designed to help athletes master both the standing back tuck and round-off or round-off-back handspring-back tuck. The back tuck is an advanced level skill that is very valuable and sought after in junior high and high school cheer as well as in the upper levels of All-Star cheer. Our staff will break the skill down into understandable, achievable stations and drills, as well as spend time developing leg strength and explosive jumping and rebounding techniques. Don't miss this weekly extra opportunity to super-charge your back tuck! **Requirement: Participants must have round-off back handspring to enroll.**

You do not need to be a member of Technique to participate! All participants must have a current registration form signed by a parent or legal guardian on file. Space is limited, so be sure to sign up early! **Call, email, or stop by the front desk to enroll.**
